## Winemaking

Careful selection of the Roditis grapes for them to arrive to the winery in the ideal state of maturity and hygiene. Harvest in small crates. The winemaking process starts immediately. With gentle pressure we receive the free-run must. Fermentation at low temperatures not exceeding the 15°C. Bottled fresh under inert gas atmosphere.

## Personality

A modern, light white wine with flavors of citrus and exotic fruits. Medium body and fresh in the mouth. It accompanies perfectly summer salty or sweet-and-sour snacks and seafood, fish, light chicken dishes.
